FARROWING SOW DROP FEEDERS

The Chore-Time Farrowing Sow Drop Feeder helps to eliminate overfeeding of sows, stale feed and feed waste. Sows can be individually and accurately fed at any time with the added benefit of automating the transport of feed to each pen. Using this Chore-Time Feeder to dispense smaller portions more frequently results in better milk production. The feeder can be used with Chore-Time's FLEX-AUGER®, Chain Disc System or FLAG™ Feed Delivery Systems.

Accurate Feeding

- > The Chore-Time Farrowing Drop Feeder features easy-to-read half-pound (227 g) calibrated increment markings and holds up to 11 pounds (5 kg).
- > Indicator ring on each feeder can be set to display how much feed was fed at the previous feeding.
- > Clear plastic feeder provides an easy view of the feed inside.
- > Feed release cup is spring-loaded to help prevent feed waste.
- > Feeder incorporates a fill system outlet drop with the unique CHORE-TIME® Swivel Joint which allows the feeder to swing out of the way between feedings.

Optional release cup holder for full feed.
