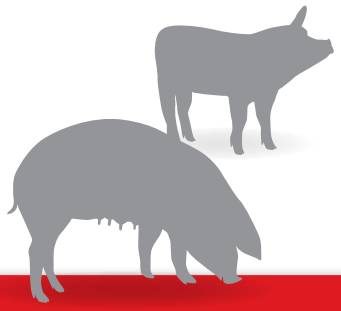
FLEX-AUGER® SYSTEM ANCHOR BEARING

FOR FLEX-AUGER® MODELS 75 & 75 PLUS

To protect against weather and dust, the bearing is supplied with a weather-seal cap

GREASABLE FLEX-AUGER® SYSTEM ANCHOR BEARING

DESIGNED FOR LONGEVITY


- Fits PigTek's Chore-Time Model 75 & Model 75 Plus FLEX-AUGER® Feed Delivery Systems
- Clamp pin design enhances auger-to-anchor bearing attachment
- Features grease zerk and generous internal grease reservoir for easy maintenance and longer bearing lubrication
- Triple lip bearing seal design provides a high level of dust and water protection and resists damage caused by over-greasing
- Backed by a five-year warranty
- Bearing made in U.S.A.
