Carefully read all safety messages in this manual and on your equipment safety signs. Follow recommended precautions and safe operating practices. Keep safety signs in good condition. Replace missing or damaged safety signs.

**DANGER: Electrical Hazard**
Disconnect electrical power before inspecting or servicing equipment. Ground all electrical equipment for safety. All electrical wiring must be done by a qualified electrician in accordance with local and national electric codes. Ground all non-current carrying metal parts to guard against electrical shock. With the exception of motor overload protection, electrical disconnects and over current protection are not supplied with the equipment.

**DANGER: Rotating Fan Blade**
Keep Hands away. Disconnect power before servicing. Fan may start automatically. Do not operate the Fan without the screens in place. Disregard to these things will cause serious injury including death.

### Assembly

**Step 1:** Insert the Wind Diverter Rods into the Notches in the Wind Diverter Disk and fasten them using Cable Ties as shown.
Step 2: Center the Wind Diverter Disk (53054) on the Fan Grill and Attach the Wind Diverter Rods (53055) to the Grill with Cable Clamps (732) as shown.
